

# WARRANTY IDENTIFICATION GUIDE

## Vapor Recovery Nozzles, Swivels, Safe-T-Breaks®, Pressure Vacuum Vents

Warranty eligibility on vapor recovery nozzles, swivels, Safe-T-Breaks® and p/v vents is determined by subtracting four (4) years from the recommended remove after date, then adding three (3) months.

## Conventional, Farm, Light Duty, Heavy Duty, High-Volume, High-Flow Nozzles

Warranty eligibility on conventional, farm, light duty, heavy duty, high-volume, and high-flow nozzles is determined by subtracting four (4) years from the recommended remove after date.

## Conventional, High-Flow Swivels and Safe-T-Breaks®

Warranty eligibility on conventional / high-flow swivels and Safe-T-Breaks® is determined by subtracting four (4) years from the recommended remove after date.
