

1A WN Nozzles

1A WN

DISTILLED SPIRITS DISPENSING

Automatic shut-off nozzle for distilled spirits dispensing.

- 1A WN nozzle shuts off when the container is full.
- Stainless steel reinforced spout bushing keeps spout tip round, and acts as a captive fastener to prevent tip-end sensor damage.
- *StreamShaper*® reduces turbulence for straighter flow and less splash back spillage.
- Aluminum body, spout, and internal parts are nickel plated to prevent contamination and corrosion.
- Seals provide maximum durability and chemical resistance to higher concentrations of ethanol.
- ADA-compliant EZ Lever reduces the force required to open the main poppet valve by 50%, resulting in a lever operating force ≤ 5 lbs.

New Nozzles with NPT Inlet

MODEL NO.	DESCRIPTION	SHIPPING WEIGHT LBS (KG)
E874203N [^]	with Two Notch Hold Open Clip, Mate Guard and Polymer Handle Cover	3.3 (1.4)
