

Automatic shut-off nozzle for full-service and self-service stations.

- X nozzle shuts off when the gas tank is full.
- Comes standard with smooth full grip guard.
- Aluminum reinforced spout bushing keeps spout tip round and acts as a captive fastener to prevent tip-end sensor damage.
- Optional EZ lever:
 - two piece design cuts opening force in half
 - easier “to-the-penny” dispensing
 - ADA Compliant
- Nozzle is equipped with a unique Flo-Stop® device that shuts off the nozzle if it falls from the fill tank or raises above the horizontal.
- StreamShaper® reduces turbulence for straighter fuel flow and less splash back spillage.

New Unleaded Nozzles
