WARNING: Cancer and Reproductive Harm - www.P65Warnings.ca.gov

WARNING: Designed for use with Husky X, XS®, and XFS nozzles only!

### INSTALLATION INSTRUCTIONS

1. Turn off dispenser and relieve line pressure.
2. Disconnect nozzle from hose and drain.
3. Insert Flo-Equalizer®, small hole first, into the nozzle inlet.
4. Using the end of a deep well socket or similar tool, lightly tap the Flo-Equalizer® on the outer edge until snug.
5. Reinstall nozzle according to manufacturers installation instructions provided with the nozzle.

NOTE: In the event of pressure differential in excess of 25 psi / 1.7 bar across the Flo-Equalizer® or the presence of debris obstructing movement of internal components, the Flo-Equalizer® output may exceed 10 gpm / 37.9 Lpm.

NOTE: Field installation of the Flo-Equalizer® is not UL approved because improper installation may cause the nozzle to fail.

### REMOVAL INSTRUCTIONS

1. Turn off dispenser and relieve line pressure.
2. Disconnect nozzle from hose and drain.
3. Using a scribe with a hooked tip or similar tool, insert the hooked tip end completely through the Flo-Equalizer® center.
4. Hook the edge of the Flo-Equalizer® and gently pull it out of the nozzle inlet.
5. Reinstall nozzle according to manufacturers installation instructions provided with the nozzle.

### TESTING / MAINTENANCE / INSPECTION

- **Daily**
  - Check for leaks / stains.
  - Check for damage.

- All drive aways, maintenance and inspection activities must be logged using the serial number of the individual product.

- Apply city, state, or federal testing regulations as appropriate.

ANY TEST / INSPECTION FAILURE REQUIRES IMMEDIATE EQUIPMENT REPLACEMENT OR REMOVAL FROM SERVICE.

MADE IN THE USA
ALWAYS ADHERE TO INSTALLATION / USAGE INSTRUCTIONS AND WARNINGS.
Improper use may result in injury, damage, or hazardous spill.

GENERAL WARNINGS / INSTRUCTIONS PERTAINING TO A RISK OF FIRE, ELECTRIC SHOCK OR INJURY TO PERSONS:

- Use of equipment is at individuals' own risk.
- Always abide and adhere to city, state,
  and federal regulations regarding use and
  installation of dispensing equipment.
- Always follow the dispenser manufacturer’s
  instructions.
- Always turn off all power to dispenser during
  maintenance and inspection activities.
- Always close the shear valves during
  maintenance and inspection activities.
- Always relieve pressure from system prior to
  performing maintenance activities.
- Always check continuity after installation
  using a megohmmeter (Refer to PEI RP 400 for
details).
- Always replace or remove from service
  damaged or leaking dispensing equipment
  immediately.
- Always report leaks / spills / accidents to
  appropriate authorities.
- Always wear appropriate safety equipment
  during maintenance activities.
- Always have appropriate fire extinguishing
  equipment within 5 ft / 1.5 m of dispensers.
- Always use pipe sealant approved for
  gasoline service.
- Always place containers on the ground
  before filling.
- Always discharge static electricity before
  using or servicing equipment by touching
  a metal part of the dispenser before and
  after fueling vehicle.
- Never smoke within 20 ft / 6.1 m of
  dispensers.
- Never keep in service past recommended
  life.
- Never leave the nozzle unattended while
  dispensing fuel.
- Never use sparking or flaming devices
  within 20 ft / 6.1 m of dispensers.
- Never use power tools near dispensers or
  to aid in the installation process.
- Never use cell phone within 20 ft / 6.1 m
  of dispensers.
- Never reenter car when fueling vehicle.
- Never allow gasoline to touch eyes or skin.
- Never use at flow rates in excess of
  regulatory guidelines.
- Never use at flow rates less than
  5 gpm / 18.9 Lpm.
- Never dispense flammable material into
  unapproved containers.
- Never dispense fuel without a valid
  driver’s license.

CAUTION: Field installation of this Flo-Equalizer® is not UL approved because
improper installation may cause the nozzle to fail.

IMPORTANT SAFETY INSTRUCTIONS - SAVE THESE INSTRUCTIONS IN A READILY ACCESSIBLE LOCATION.

WARRANTY

VAPOR PRODUCTS – Husky Corporation will, at its option, repair, replace, or credit the purchase price of any Husky® manufactured product which proves upon examination by Husky, to be defective in material and/or workmanship for a period of one (1) year of installation or fifteen (15) months from the manufacture date of shipment by Husky, whichever occurs first. The warranty period on repaired or replacement vapor recovery products is only for the remainder of the warranty period of the defective product.

CONVENTIONAL PRODUCTS – Husky Corporation will, at its option, repair, replace, or credit the purchase price of any Husky manufactured product which proves upon examination by Husky, to be defective in material and/or workmanship for a period of one (1) year from the manufacture date of shipment by Husky.

Buyer must return the products to Husky, transportation charges prepaid. This warranty excludes the replaceable bellows, bellows spring assembly, spout assembly and scuff guard, unless (i) damage is obvious when the product is removed from shipping carton and (ii) the defective product is returned to Husky prior to use. This warranty does not apply to equipment or parts which have been installed improperly, damaged by misuse, improper operation or maintenance, or which are altered or repaired in any way.

The Warranty provisions contained herein apply only to original purchasers who use the equipment for commercial or industrial purposes. There are no other warranties of merchantability, fitness for a particular purpose, or otherwise, and any other such warranties are hereby specifically disclaimed.

Husky assumes no liability for labor charges or other costs incurred by Buyer incidental to the service, adjustment, repair, return, removal or replacement of products. Husky assumes no liability for any incidental, consequential, or other damages under any warranty, express or implied, and all such liability is hereby expressly excluded.

Husky reserves the right to change or improve the design of any Husky fuel dispensing equipment without assuming any obligations to modify any fuel dispensing equipment previously manufactured.
